A Purpose-Led CSR Consultancy

- The CSR Pipal is a boutique consultancy dedicated to transforming CSR into a tool for sustainable change
- We align businesses with ESG and SDG mandates to create meaningful social and environmental outcomes
- Our team blends industry expertise with grassroots insight to bridge the gap between intent and impact

How The CSR Pipal Works

①

Corporate Onboarding

We deep-dive into your CSR mandate — budget, geography, cause areas, board priorities.

We become your CSR navigator, not just a vendor.

②

NGO Matchmaking

From our curated and vetted network, we shortlist NGOs aligned to your exact goals. No cold calls, no guesswork, no wasted time.

③

Fund Deployment

We facilitate legal agreements, due diligence, and structured, compliance-ready fund flow. Audit-proof from day one.

④

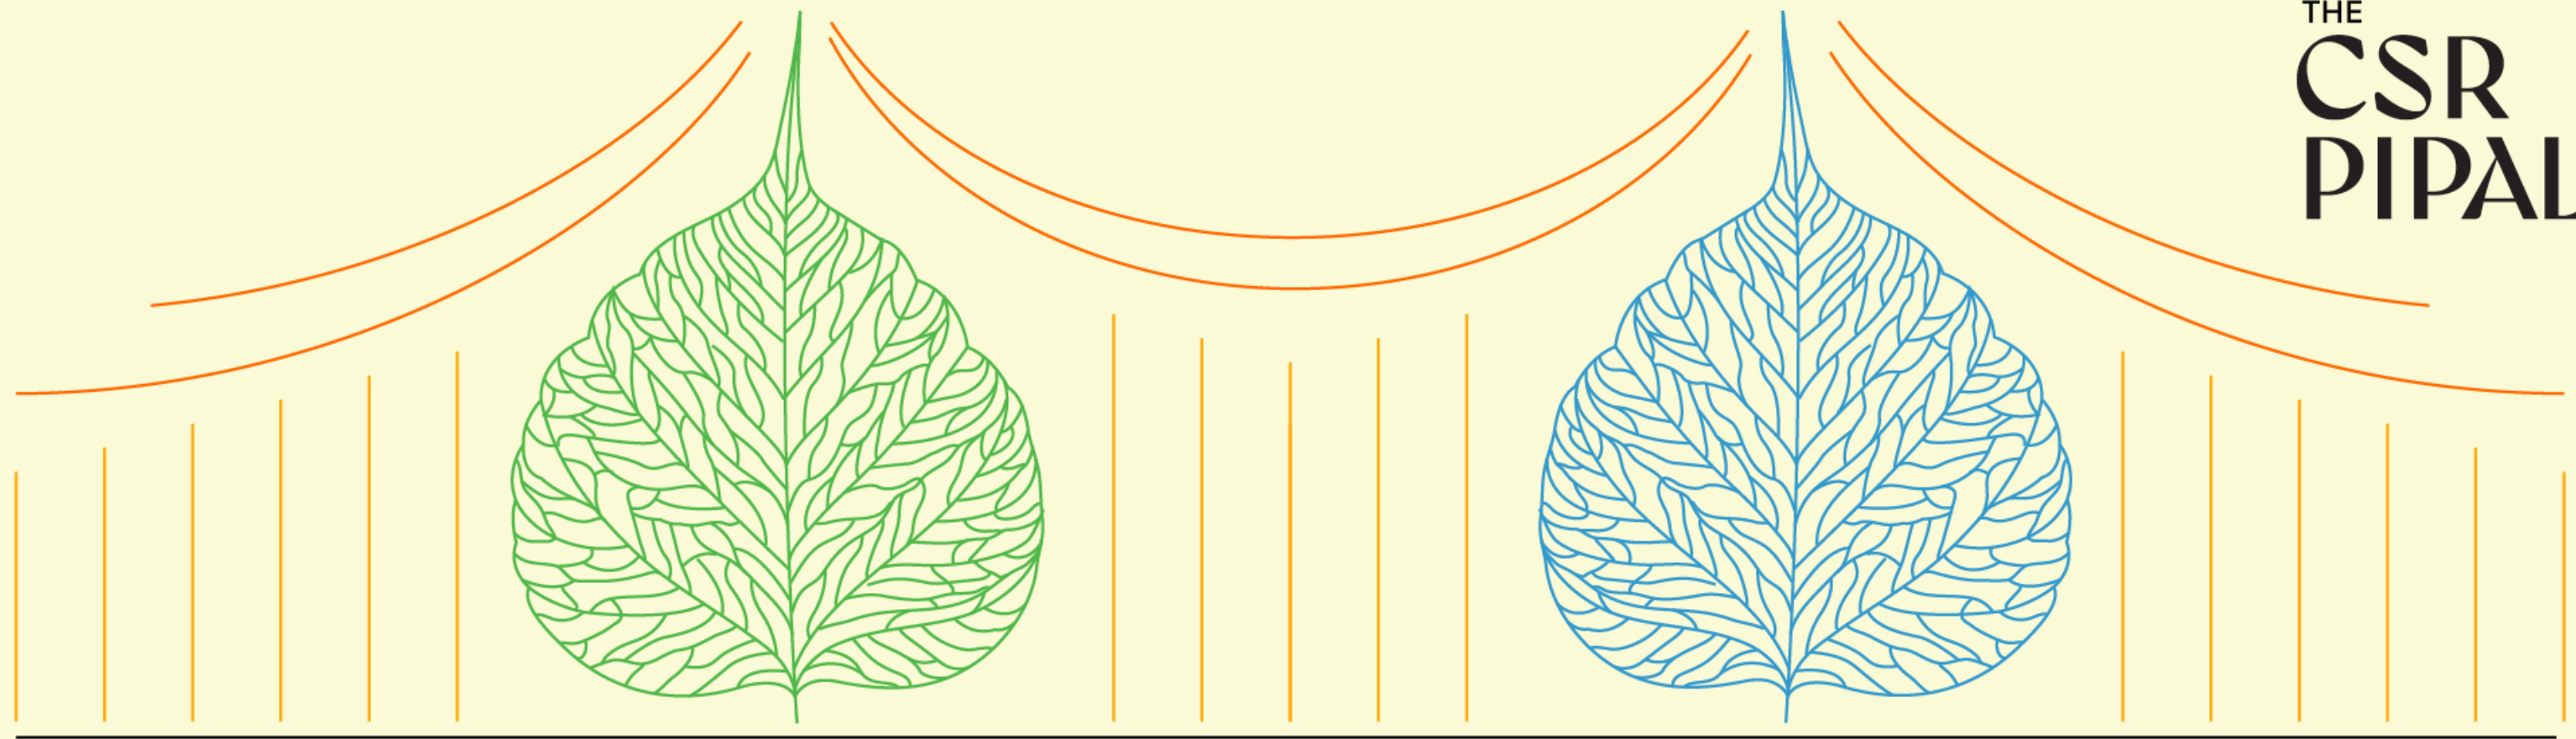

Impact Reporting

Quarterly field reports, site visits, verified data, and media-ready impact stories. Your CSR — documented, celebrated, and replicable.

We are the bridge.

The CSR Pipal is India's dedicated
CSR matchmaking platform.

Connecting corporates who want to give
right, with NGOs built to deliver impact.
